LOCAL TELEPHONE EXCHANGE SERVICE
APPLICATION AND GENERAL PROVISIONS

A. APPLICATION

1. This Tariff applies to Local Telephone Exchange Services of the Baraga Telephone Company -hereinafter referred to as the Telephone Company in exchanges in Michigan as designated herein.
2. Local Telephone Exchange Service is that of furnishing facilities for telephone intercommunication between customers within a Local Service Area.
3. The provision of service is subject to regulations specified in the M.P.S.C. Tariffs of the Telephone Company, which tariffs as they now exist or as they may be revised, added to, or supplemented by superseding issues are hereby made a part of this Tariff.

B. EXPLANATION OF SYMBOLS

- (C) Signifies a changed regulation or a change in text. (C)
- (D) Signifies a discontinued rate, treatment or regulation.
- (I) Signifies an increased rate, or new treatment resulting in an increased rate.
- (M) Signifies a moved regulation (N)
- (N) Signifies a new rate, treatment or regulation.
- (R) Signifies a reduced rate, or new treatment resulting in a reduced rate.

Issued: June 5, 2013

Effective: June 7, 2013

Issued under the authority of Public Acts 179 of 1991 as amended and Case No. U-17019.

LOCAL TELEPHONE EXCHANGE SERVICE
APPLICATION OF BOUNDARY DESIGNATIONS

A. GENERAL

1. Application of Boundary Designations

- a. Boundaries for Locality Rate Areas and service areas for Exchanges are designated on maps in Tariff M.P.S.C. No. 1.
- b. Each establishment is within only one Exchange service area except as provided in c. below.
- c. Where the boundary is designated as a road (street or highway) the area includes that side of the highway on which are located the general plant facilities serving both sides of the highway. When such facilities are located on the near side of the highway, a customer located on the opposite side is considered to be within the area if he can be served by a drop wire using not more than one additional pole; when the general facilities are located on the far side of the boundary, a customer on that side is considered to be within the area if he can be served by means of a drop wire not requiring any additional poles.
- d. Where the boundary is designated as the center of the road (street or highway) each side of the road is in a different service area.
- e. Where the boundary is designated as a river (stream) or railroad each side of the river or railroad is in a different service area.
- f. Where the boundary divides a lake, the shore of the lake is in different service areas in accordance with the boundary designation at the shore line.
- g. Where the boundary is designated as a Township Section Line or a specified distance from a Township Section Line, the customers are served in accordance with their location with respect to such boundary line. When such a line is other than the section line or one quarter or one half mile from a section line, the location of the boundary line with respect to the section line will be shown in feet or fractional miles on the Tariff Map Sheet.

LOCAL TELEPHONE EXCHANGE SERVICE

SERVICE CHARGES

A. GENERAL

1. a. The Service Charges covered herein are applicable in connection with the establishment of telephone service and additions of other services.
- b. Service charges as listed herein apply to regulated service.
2. Service Charges
 - a. The Service Ordering Charge is the charge for work performed by the Telephone Company in connection with the receiving, recording and processing of customer requests for service ordered to be performed or provided at the same time, on the same system and on the same premises. The term "per order" means all work or service ordered at the same time for the same account.
 - b. The Line Connection Charges applied to each central office line (exchange line, trunks, etc.) for work required in the central office and outside and plant, including restoral of service after temporary disconnection of service for nonpayment.
3. Customer Premises
 - a. A premises is a building, portion of a building or buildings on the same continuous property occupied by the customer in the conduct of his business or occupied by the customer as a residence. All space for offices occupied by a customer on the same or separate floors of one building are considered as a single (or same) premises.
 - (1) Same continuous property shall mean an uninterrupted plot of land within the same block and occupied by one customer. Same block is defined as parcel of land enclosed but uncrossed by public thoroughfares. Railroad tracks, rivers and alleys are not considered as public thoroughfares.
 - (2) A building shall mean a structure on one foundation or two structures on separate foundations with a common wall or abutting walls with ready access from one structure to the other by means of doorways or permanent openings through the intervening wall or walls. Structures in the same or different block occupied by one customer and connected by passageways shall be considered as the same building if the passageway is actually used as a continuation of the space in the two buildings and not principally used as a walkway.
4. Additional Conditions
 - a. Service charges are in addition to all other applicable rates and charges associated with the service being provided.
 - b. The charges specified herein do not contemplate work being performed by the Company employees at a time when overtime wages apply due to the request of the customer or do they contemplate work begun being interrupted by the customer. If the customer requests overtime labor being performed or interrupts work once begun, a charge in addition to the specified charges will be made equal to the additional cost involved.

LOCAL TELEPHONE EXCHANGE SERVICE

SERVICE CHARGES

5. Transfer of Service and Charge of Name
 - a. Where a service is continued intact but there is a change in the party known as the customer (change of interest) together with a change in the name by which the customer is known to the Telephone Company (change of name) Service Ordering Charges apply.
 - b. Where service subscribed for by one party (but not used by the subscriber for the use of a second party is taken over intact by the latter, Service Connection Charges do not apply.
6. Restoral of Service
 - a. Service discontinued by the Telephone Company because of nonpayment, when the service has not been disconnected, is subject to the Restoral of Service Charge.
 - b. When service is rendered inoperative by fire or other causes beyond the control of the customer, which render the premises unfit for occupancy, the same service will be re-established at the same or different location, at the option of the customer, with Service or Installation Charge.

LOCAL TELEPHONE EXCHANGE SERVICE

PAYSTATION SERVICE

(D)(N)

A. GENERAL

Paystation Service provides telephone service to a customer-leased or owned paystation with or without coin collecting devices. A Paystation Access Line permits providers of such service to provide pay telephone service to the public.

B. DEFINITIONS

Coin Supervision - Provides signaling capability from the central office for paystations that do not have signaling capability within the telephone. This signaling capability provides operators and/or operator systems coin control.

Customer - For purposes of this tariff, the customer is the Paystation Service Provider.

Network Interface Device - A company-provided jack or its equivalent. It is the point of connection between the Company owned wiring and wiring owned by the customer. For the purposes of this tariff, the network interface device will be installed at a location mutually agreed upon by the customer and the Company.

Originating Line Screening (OLS) - Enables operator service providers to determine whether there are billing restrictions on the exchange access line from which a call originates. OLS service delivers codes on operator assisted calls to identify calls originating from privately owned paystations, inmate locations, and hotels/motels, etc. Rates for this service are found in the appropriate interstate access tariff, when facilities and service are available.

Paystation Access Line - A basic coin transmission dial tone line. It is a line side connection from the local exchange switch to the point of demarcation at the customer premises.

Selective Class of Call Screening - Enables the customer to restrict outgoing operator-handled calls, placed over the Company's network, from the service point to only those calls which are charged to a called telephone, a third number or a calling card. Selective Class of Call Screening will be provided at the customer's option, where such facilities are available.

C. RULES AND REGULATIONS

1. Paystation Service will be considered a business service for the purpose of applying the terms, rates and conditions found elsewhere in this tariff.
2. Only one paystation instrument may be connected to each Paystation Access Line. Off-Premise Extensions are not permitted.
3. The customer shall be responsible for the installation, operation and maintenance of any paystation instrument used in connection with this service.
4. Requests to Directory Assistance Service originated from paystations will be charged the applicable rate of the Directory Assistance Service Provider.
5. Directory listings may be provided under the regulations that govern the furnishing of listings for business customers.
6. Coin-free operator and emergency 911 access must be available from all paystations.

LOCAL TELEPHONE EXCHANGE SERVICE
PAYSTATION SERVICE

(D) (N)

C. RULES AND REGULATIONS (Continued)

7. One directory will be distributed to the customer without charge for each paystation business exchange line.
8. The customer is responsible for the provision of booths, shelves, directories and all other ancillary equipment.
9. The customer shall be responsible for the payment of charges for all local and toll messages originating from or accepted at this type of service, including any Directory Assistance Calls. The Company shall not be liable for shortages of coins collected and deposited at the customer's paystation instrument.
10. The Company reserves the right to disconnect service when the customer does not comply with the F.C.C. and state rules and regulations related to paystation service and equipment.
11. The Multiline Business Subscriber Line Charge, found in the interstate and intrastate access tariff, is applicable to all paystation access lines.
12. All company owned paystations will comply with the Rules, Regulations and Rates outlined in this Paystation Service tariff.

D. RATES AND CHARGES

	<u>Monthly Rate</u>
1. Paystation Access Line ¹	Business One-Party Local Rate shall apply
2. Coin Supervision	\$2.21
	<u>Coin Rate²</u>
3. Each outgoing local message	\$.25

¹No measured service rates apply. Installation, move and change charges will be those applicable to business service.

²This rate is not regulated by the Commission.

FEDERAL PROGRAMS

1. UNIVERSAL SERVICE SUPPORT FOR LIBRARIES AND SCHOOLS

1. In accordance with 1997 PA 95 of the Michigan Telecommunications Act, and 47 CFR 54.500 *et. seq.*, eligible elementary and secondary schools shall receive intrastate services at discounts equal to the discounts applicable for eligible interstate services if the Company receives federal universal support for such telecommunication services.
2. In accordance with 1997 PA 96 of the Michigan Telecommunications Act, and 47 CFR 54.500 *et seq.*, eligible libraries shall receive intrastate services at discounts equal to the discounts applicable for eligible interstate services if the Company receives federal universal support for such telecommunication services.
3. Eligibility for discounts shall be determined in accordance with 47 CFR 54.500 *et seq.*

2. UNIVERSAL SERVICE SUPPORT FOR HEALTH CARE PROVIDERS

1. In accordance with 47 CFR 54.601 *et. seq.*, the Company shall offer services to eligible health care providers to the extent that facilities and services are available.
2. Eligibility qualifications, provider selection, etc. shall be determined in accordance with 47 CFR 54.601 *et. seq.*
3. Services to eligible health care providers at reduced rates will be offered in accordance with 47 CFR 54.601 *et. seq.*
4. Reduced rates to eligible health care providers are available only to the extent that adequate funding is available from the federal universal support fund.

LOCAL TELEPHONE EXCHANGE SERVICE
COMBINATION MAIN STATION SERVICE

A. GENERAL

1. Combination Main Station Service applies to cases where a customer wishes to contract for a main station service at each of two separate locations (ordinarily each station will be assigned a separate telephone number) within the same exchange, so as to be able to answer calls for one main station at the other main station location or both stations at either location.
2. Combination Main Station Service is provided only in connection with individual line (excluding coin box lines and lines terminating in key telephone systems, key equipment, key cabinets and similar switching devices) and is furnished subject to the ability of the Telephone Company to provide satisfactory transmission and signaling arrangements and to the rate treatment outlined herein.
3. Combination Main Station Service may be employed where one station is at a business location and the other at a residence or where both stations are at either business or residence or residence locations, but only in connection with service contracted for and used by the same customer.

B. RATES

1. Each main station is charged for at the established individual line business or residence rate, according to the classification of the service at each premises as to business or residence character.
2. In applying exchange line mileage charges, as provided for in Tariff M.P.S.C. No. 1, each main station service is considered separately and the mileage charges applicable for individual line service are assessed for each service.

Issued: March 22, 1993

Effective: March 22, 1993

LOCAL TELEPHONE EXCHANGE SERVICE
JOINT USER SERVICE

A. GENERAL

1. Joint User Service is an arrangement whereby a person or firm designated a Joint User - is permitted to use the service of a customer. To facilitate this use, a directory listing is provided for each Joint User.
2. Joint User Service is provided only in connection with individual line business service and private branch exchange business service.
3. The Joint User must be located in the same office or suite of offices as the customer, or in an office immediately adjacent thereto and connected therewith by passageways other than public passageways.
4. Joint User Service is not furnished in association with the service of a customer who is engaged primarily in performing service of a secretarial nature or who is in the business of renting space to transient or permanent tenants.
5. No separate ring numbers of distinctive designations are assigned for the purpose of signaling Joint Users.
6. Joint User Service must be contracted for by the original customer who is required to assume responsibility for all charges incurred by the Joint User.
7. Charges for Joint User Service date from the day the traffic information records are posted - such information at the option of the customer being posted at the time the order is completed or when the listing is published in the directory. The Joint User Service is automatically discontinued upon termination of the main service. The minimum charge for Joint User Service, however, is the charge for the period of one month.
8. After the listing of a Joint User has been inserted in the directory, such Joint User Service shall not be discontinued during the life of the directory -- but not to exceed one year, unless:
 - a. The main station service is also discontinued.
 - b. The Joint User moves from the premises in which the main station is located.
 - c. The Joint User establishes main station service on the same premises.

B. RATES

1. Joint User Service, including one listing in the directory, is furnished at 1/2 the charge for one Individual Business Line (and Mileage), per month.
2. No installation charges are applicable.
