LOCAL CALL TERMINATION SERVICE

A. APPLICATION OF TARIFF

This Tariff applies to calls originating in the service territory of another provider and terminating as local calls within the local exchange service area of Michigan Central Broadband Company.

B. GENERAL REGULATIONS

1. General regulations as depicted in the Company's MPSC Tariff 25U, generally apply to this Tariff unless otherwise specified. As applied to Local Call Termination Services (LCTS), the term "access service" is replaced with the term "Local Call Termination Service".
2. LCTS requires the use of Calling Party Number (CPN) when a call is setup using SS7, or ANI when the call is setup using other methods. Calls with the appropriate CPN/ANI for the provider's service area will be billed at the rate shown herein. Calls without the appropriate CPN/ANI will be billed as toll access.
3. Terminating access services (those services provided under the Company's MPSC Tariff 25U) are not allowed over facilities associated with LCTS except in the case where the Company receives compensation for the use of those facilities under a FGA Revenue Sharing agreement. If it is determined that the Provider has routed terminating access services over facilities ordered for local call termination in violation of this paragraph, the Company may charge the customers the higher of local call termination charges or terminating access charges for all the traffic routed over those facilities, plus a penalty of three times the original charges.

LOCAL CALL TERMINATION SERVICE (LCTS)

C. DEFINITIONS

Provider

A telecommunications carrier, other than Michigan Central Broadband Company, that provides switched local exchange telecommunications services, or similar services, and includes wireless providers, CMRS providers, VOIP providers, and provider of telephone like service.

Conversation Minutes

Conversation minutes are measured in terms of conversation time between the calling party and called party. Calls based on conversation minutes begin when the called party answers, as determined by answer supervision, and end when either party disconnects.

D. RATES AND CHARGES

1. LCTS

(A) Local Switching Rate \$0.000000 (R)  
(per conversation minute)

(B) Tandem Switched Termination Rate  
(per termination, per conversation minute)

(C) Tandem Switched Facility Rate  
(per mile, per conversation minute)

Conversation minutes are determined by Michigan Central Broadband Company.

2. LCTS – Other Charges

The charge for all services other than LCTS required to provide LCTS are determined under the rates, terms and conditions state in the Company's MPSC Tariff 25U.

The rate charged by Upper Peninsula Telephone Company is the applicable current rate in NECA Tariff No. 5 for Tandem Switched Termination.

\*\* The rate charged by Upper Peninsula Telephone Company is the applicable current rate in NECA Tariff No. 5 for Tandem Switched Facility.
